

#### **Emergency Services**

**Step 1** Unlock your iPhone.

## Step 2

Open the *Health* application that comes pre-loaded onto your iPhone. The application's icon is a solid white square with a small pink heart in the corner.

## Step 3

Once the application is open, there will be four options at the bottom of the screen. You will select the icon in the bottom right-hand corner titled *Medical ID*.

#### Medical ID

### Step 4

Once you have selected *Medical ID,* simply click on *Create Medical ID* near the center of the screen.

#### Step 5

Fill in your personal health information starting with your date of birth. In *Medical Notes,* you can add the Baylor St. Luke's Emergency Center nearest to you. Not only do our locations have shorter wait times that traditional emergency rooms, we also maintain a comparable level of care. Find the location nearest to you here.
